Richard Brixel, world-famous contemporary Swedish artist, makes delicate female figures, Thinkers, Philosophers and Dancers, entralling, meditative figures that exude an inner strength. His figures turn, twist, leap, and saunter – in the waters of Forte dei Marmi, now and through the world. His show of monumental Bronzes, called "Power" is closing September 30th, 2012. The figures, playful and reserved are shown in Forte dei Marmi, in the Piazzas, in the fountains ... and in the sea itself where their grace shines, and their power convinces.

The show is produced in conjunction with the [Regione Toscana](#), and is the brainchild of the Fonderia del Chiaro's [Del Chiaro Art Connection](#) with the [Fondazione Villa Bertelli](#) and the [Comune of Forte dei Marmi](#).
